CATALOG

FLOOR MACHINE REPAIR,
RENTAL & SUPPLIES

SERVICES

+ Repair Center

Our full service repair center is equipped to handle any equipment powered by small engines or electric motors. This includes, but is not limited to: scrubbers, buffers, pressure washers, carpet extractors, vacuums and shampooers.

+ Preventative Maintenance Program

Did you know that manufacturers often require a maintenance program for your equipment's warranty to stay valid? Reduce long-term spending by avoiding costly and unpredictable repair bills. Our team will work with you to schedule routine maintenance visits most suitable for your company.

+ Rental Equipment

We have a wide range of equipment available with daily, weekly and monthly rates. Ask if you qualify for free delivery.

+ Approved Warranty Center

Perfection Plus, Inc. is an approved warranty center for Aztec, Betco, Minuteman, Mytee, Nilfisk, NSS, Onyx, Pacific, Pioneer Eclipse, Tennant, Nobles, Windsor and more! Have any warranty related questions? Contact us today!

+ Wholesale Pricing on Parts and Supplies

Our warehouse is stocked with everything from scrub and buff pads of all sizes and abrasiveness to mop heads to paper towels. Our parts department is suited for any machines need. If we don't have it in stock, we'll order it for you, no worries.

1 liter
\$20

1 case
\$120

POP-AND-SHINE #PP0545
Restore your floors to a max gloss with this revolutionary UHS burnishing product. Leaves an extra hard wear film to protect floors.

WAX/FINISH

BEST SELLER

5 gallons
\$64.00

OMNIGUARD #141
25% high solids finish is ideal for high traffic & high maintenance facilities like schools and retail stores. Also holds its shine in lower maintenance areas as well. Versatile, high performing and high gloss.

5 gallons
\$88.40

ONE #590
Super high solids formula produces unmatched "off-the-mop" gloss with extended gloss retention. This superior floor coating will produce maximum gloss with fewer coats than conventional floor finishes. Responds well to UHS burnishing.

5 gallons
\$87.24

24/7 #593
Highly advanced floor finish with a superior "off-the-mop" initial gloss. Provides exceptional film clarity, repels soil & scratches, and extends the time between stripping cycles from 18 to 36 months.

STRIPPER

5 gallons
\$83.10

PICTURE PERFECT #580
Premiere high solids floor finish. Offers highest initial application gloss & exceptional wear. With UHS maintenance, this product produces a deep wet look gloss. Low maintenance, high traffic. Covers approx. 2500-3000 sq. ft per gallon.

5 gallons
\$65.70

BARE BONES #1058-21
A 55% active stripper that easily cuts through multi-layers of burnished floor finish. A TRUE no rinse stripper. This product does not contain potassium hydroxide or sodium hydroxide and is still the fastest working liquifier on the market.

5 gallons
\$63.50

FLASH 55 #516
This fast-acting floor stripper was designed to provide excellent results even after numerous scrub & re-coats. The ideal floor stripper for VCT, most types of terrazzo, marble and quarry tile. Floral fragrance.

ECLIPSE 300 AS

- Solution Tank: 37 gal
- Cleaning Width: 29.5"
- Pad/Brush Pressure: 80 lbs.
- Pad/Brush Motor: 700 Watt
- Forward speed: up to 3.7 mph
- Reverse speed: up to 2.5 mph
- L x W x H: 45.7" x 30.3" x 53.2"
- Productivity: 48,000 sq.ft. / hr
- Weight: 798 lbs.

This fast and agile machine is one of the industry's most efficient machines by offering increased mobility through it's distinct ride-on floor scrubbers. The high capacity machine contains larger tanks and increased brush/pad pressure, allowing for less time for dumping and filling and higher-power scrubbing.

RATES:

Daily – \$155

Weekly – \$575

Monthly – \$1500

PE CLEANSTAR 30

- Pump: Dual hydraulic pump
- Cleaning width: 33"
- Scrub pressure: 120-250 lb
- Engine speed: 3500 RPM
- Brush motor: 200 rpm
- L x W x H: 66" x 26" x 46.5"
- Productivity: 33,000 sq. ft / hr
- Weight w/cylinder: 860 lb

Powered by propane, the PE PowerStar Z1 machine offers extended run-time, without the need of re-charging batteries. The large capacity tank of the machine allows for less frequent filling and dumping, allowing for maximized efficiency. The machine is highly versatile by offering features such as an adjustable brush/pad pressure for optimal flexibility, as well as regenerative blower technology for increased water pick-up during use.
